MEMORANDUM FOR: Office of General Counsel

SUBJECT: [redacted] Training Station, Excess Baggage Allowance 25X1A6a

25X1A6a

1. Personnel assigned to [redacted], being deprived of the customary Baggage Allowance (Foreign) experience difficulty and delay in the packing and shipping of their baggage. Most of our people travel air and are consequently limited to 65 pounds of baggage. Clothing in excess of this weight allowance has, in the past, been included in the shipment of household effects, which takes three to four months in transit. 25X1A

2. It is proposed to include in the individual Travel Order provision for Excess Baggage in accordance with the terms of [redacted] which states, in part, that "Claims for reimbursement for excess baggage charges will be allowed when authorized and approved." We propose to authorize a maximum of 280 pounds excess, to be shipped via parcel post. The cost would be $51.12, based on $12.78 for the maximum weight (70 pounds) of an individual package.

3. The above has been discussed with Chief, Finance Division, who concurs in this approach.

4. Far East Division requests your consideration and approval of Excess Baggage (parcel post) for personnel traveling to [redacted] 25X1A6a

25X1A9a

[redacted]
Chief, Far East Division
